Ad Text **BLACK DOLLARS MATTER**

While Black activists are trying to strict American government's attention by organizing protests, Black bank owners urge Black Americans to transfer money into their banks.

A few days ago there were started the #MoveYourMany campaign which the main goal is to demonstrate the value of Black lives within America. At the request of rapper Killer Mike, over 8,000 people have transferred their money into Black-owned banks in the last 5 days.

50 years ago Martin Luther King Jr. requested Blacks to replace their funds from non-Black banks to Black-owned institutions which would help to empower and advance Black community.

The best way to fight the system is to break its capitalist back which is why it is important for Blacks to invest in ourselves!

Ad Text A lone sniper shot 14 people and killed 5 police officers, in Dallas late Thursday night. It was a peaceful protest against the police shootings of Alton Sterling in Baton Rouge, Louisiana, and Philando Castile in Falcon Heights, Minnesota. So he turned this peaceful protest into a scene of chaos and carnage. The wounded include seven police officers and two civilians. The sniper, Micah X. Johnson was a black U.S. military veteran of the Afghan war. As he was captured, he claimed he wanted to "kill white people". There's no evidence that he was a Black Lives Matters activist. There's no proof that he was into the movement anyhow. It happened almost a week ago and the police can't show anything to prove there was a link between Micah X. Johnson and Black Lives matter. But the Main stream media are telling us time and again that «black lives matter terrorists are killing the police officers». The main stream Media are telling us, that the protest against police terror is a violent anti-government riot!

Ad Text We must ensure the Dallas attack on police will never happen again. Most problems we face happen because we've stopped calling things by their names and the assassination of cops in Dallas was no exception. We're hiding behind political correctness and denying the truth because we don't want to 'offend' someone.

And the truth is: a group of people calling their supporters to commit violence is not a peaceful group. A group of people coming to their opponent's rallies and attacking peaceful people is a group of extremists. A group of people standing behind the attack on police is a group of terrorists. The Black Lives Matter are terrorists, and the sooner we admit it officially – the sooner this war on cops will end and people running a conservative rally won't be afraid to be attacked by a hateful gang.

Ad Text Clinton said the United States needs to confront the 'systematic racism' in its law enforcement efforts. We're sick of politicians organizing and leading the systematical propaganda against our police. It is unfair and vilely to accuse our heroes of every sin and crime.

In fact, the efficiency of our cops resulted in a decrease of the average amount of crimes, especially in large cities. Law-abiding citizens should never fear cops, but criminals do. And that's why Hillary is on the criminals' side.

Ad Text His failed medical reform and unbelievable national debt is enough to put Obama behind bars, but that's not all. His greatest "accomplishment" is flooding America with countless criminals and giving them all an absolute omnipotence. Thanks to Barack Hussein Obama we have at least one big terror attack each year, not to mention illegals raging out and poisoning our country with drugs.

For what he did to America Obama should rot in prison for the rest of his life.

Ad Text The police report that the Black Lives Matter terrorist sniper Micah Johnson used to buildings owned by Muslim Arabs to carry his attack. If you think it was just a coincidence, you make a mistake.

Johnson got set up in one building and moved more than 10 miles away to another building owned by the same people to shoot from. It doesn't look like it is a coincidence. Moreover, some witnesses said that they saw Jonson visiting a mosque.

Muslims seem to be not peace-loving as they say. And I don't want to see 10,000 potential terrorists here in Texas.

Ad Text Obama is a total hypocrite and a liar! He visited the Dallas memorial service to blame us of racism. He just had to turn a ceremony honoring the fallen officers into a disgraceful. He doesn't care about fallen officers! Obama is not our leader!

Texans have already honored our heroes, laying flowers at Dallas police headquarters. But Obama's speech did not make sense at all. That's why we have to support all police officers who refused to applaud Obama.

Taking sides with these rioters and racists, Obama literally called for open war against police officers and whites. He came there and he lectured officers who are targeted every day for assassination by Black Lives Matter that they need to change. Kick this asshole out of Texas!

Ad Text Everyday we watch, read and receive news of police beating, assaulting, and killing innocent people. These videos and instances have become so common that people are rarely shocked by even the most brutal of cases. We were wondering how long time would it take to make people fighting back? So now, karma's coming back for blue pigs!

A shocking video was shared on social media Tuesday showing two police officers being attacked. Two unidentified men were seen beating up the two officers for seemingly no reason.

The incident occurred Monday afternoon in Northeast Philadelphia after two school police officers were called to break up a fight outside of a local pizza shop. As we can see police couldn't stop the fight. Now we see what kind of police do we have. Those cops are slow weak doughnuts, who can do literally nothing without using their guns.

Cops can blame themselves when shit like this happens. They live by their own laws, they can break your arms and legs, torture you with chemical and electrical ways, rape or even kill you "doing their job." All those things and more are well within departmental policy. So I'd rather give a fight for my rights than ignore the fact our country becoming a Nazi States of America.

Look around, the only other thing that will happen is that people will whine about it, but will ultimately do nothing to actively stop this behavior, and this is why cops are so violent now. If we want to stop it, we should fight as our ancestors did it for centuries.

Take out a few dozen cops and the rest will change. Amen.

Video shows probationary patrol officer Akinyemi Borisade repeatedly hitting 31-year-old Mayra Martinez on Wednesday at the Duval County jail.

Man, there were so many ways to fix the situation without resorting to use excessive force. The worst part of it is how everyone just stands around nonchalantly. ? People who support cops and believe in good cops, please tell me why the hell a bunch of cops just stand and watch how another cop beating a woman??? How???

How can we respect law enforcement, if they act like that? If you want my respect , STOP SHOOTING AND BEATING THE CITIZENS YOU SWORE TO PROTECT!!!

Americans have rights and one of them is the right to remain silent. We don't have to answer your stupid interrogation questions. If we are speeding, tell us we were stopped for speeding, issue the warning/summons and get the hell out of our lives Nazis. Why did they escalate the situation? What for?

The best part of the video is when they say she had the right to remain silent. LOL! #Copslogic

Ad Text Please take a moment to read my story!

Back in 2015, Douglas Babbitt was talking on the phone in the driver's seat of his parked van when a police officer asked if an open beer bottle on the ground near the vehicle's front passenger door belonged to him. Notice the location of the beer can - it's located on the ground, outside of the vehicle, on the passenger's side.

When Babbitt said the beer wasn't his, the police needlessly escalated the situation that lead to Babbitt's arrest, and left the 51-year-old Oakland man briefly lying unconscious on the ground.

The beer wasn't in his car, and a toxicology report from after his arrest shows that he had no alcohol in his system. So what's the problem with you guys? Damn, after all that, the only thing I may conclude is DO NOT TALK TO POLICE! The following video is a prime example of why...

Ad Text Cops are allergic to cameras, they don't like being recorded because it won't allow them to break the law and lie about the circumstances which presented them the opportunity to break the law.

?WARNING!!!? In yet another disturbing video of police escalating violence in a public school, a Philadelphia school cop was caught on video in an intense altercation with a student.

According to the Philadelphia Student Union, of which the alleged victim, Brian Burney, the incident was all over a dispute over using the bathroom.

The student, who recorded the incident, was told to delete it. All that is left is a brief clip showing the officer, who is twice the size of Burney, on top of him.

I don't understand why are there cops in schools? Cops are nothing more than a bunch of bullies or gang members in police uniforms! Whatever happened to deans? Moreover, don't you think it's a bit strange, when an officer forces someone to delete video? Obviously, police is trying to hide something and their testimony should be considered a lie. Also, is not destruction of evidence a crime?

What do you think about it guys? Please, share or comment below.

Ad Text Clark Dickson, a veteran Seattle police department officer, punched a homeless 21-year-old man in the head and remained unpunished. The cop said that his misconduct was "justified" because the man had spit at him.

Almost one year after the incident, the footage showing the punch was released. Personally, I didn't notice in the video the suspect spitting at Dickson. However, the police department didn't consider it necessary to punish the cop. The only penalty he got was a suspension without pay for 1 day.

Is it really enough for excessive force use?

Ad Text "If you ask me about the Clinton Foundation, do I have a problem when a sitting secretary of state and a foundation run by her husband collects many millions of dollars from foreign governments, many governments which are dictatorships... yeah, I do," Sanders said in an interview with Jake Tapper on CNN.

So, Bernie has the point. I appreciate the way he maintains his independent opinion in spite of all the pressure that is on him as the "second Democratic option". Because that is a fact. The Clinton Foundation is nothing more than an "organized crime" at it's finest, in which we are investing our taxpayers' money!

Hillary has no problem in accepting foreign money from the countries, like Saudi Arabia. Hillary has no remorse about taking money from countries that abuse the rights of women, while she has always had her own alleged feminist stance. She does not refrain from receiving money from the countries that prosecute, torture and execute LGBT on the legal basis, although Hillary has always been a "defender" of the minorities.

So, why are so many people going to vote for her? That's a secret for me. What's your opinion on that point?

Ad Text LGBT community is suffering from haters and especially hate religious groups! These crazy thugs should be jailed for life!

Crystal Raquel Cash, 55, cannot speak but is alive after being shot nearly point blank in the face by a member of Christian hate group.

The attacker, Gerald Duane Lewis, 26, and his wife reportedly are members of the Israel United in Church, which the Southern Poverty Law Center listed as a hate group last year. According to the newspapers, Lewis was wearing a shirt from the church when he opened fire, shouting a homophobic slur.

The government must pay more attention to assaults on sexual minorities because this is the threat to the country's internal security!
